

Company Positions

Posted May 26, 2017

Job Description

- Plant Food Company, Inc. a 70-year-old, family owned company, is looking to expand their distribution into the Houston, Texas market.
- We have our own manufacturing plant and do our own packaging & shipping.
- You would be an independent sales consultant, with an exclusive territory, carrying a complete line of liquid, fertilizers, biostimulants, micronutrients, wetting agents, water treatments and granular soil amendments.
- Our products have well documented successes backed by university research.
- Prospects would mainly be golf courses and sports fields.
- There are no upfront costs to get started.
- This is a ground floor opportunity with no limits!
- This is not a “typical” sales position but a Sales Consulting Position.

Job Requirements

- There are no preset job or educational requirements for this opportunity.
- No sales experience is required but Golf course experience is preferred.
- A local golf course superintendent would be ideal.
- Training is the best in the industry for superintendents looking to begin a career in sales.

- Complete sales and product training as well as ongoing training and support provided.
- We are looking to get distribution up and running as soon as possible.
- If you've been thinking about spending more time with your family and would like to get your weekends back why not give us a call!

Job Compensation

- Salary will be based on experience
- Competitive commission schedule included
- Truck Allowance, association fees and miscellaneous start-up costs included.

Product is purchased, warehoused and invoiced for you
